

March 3, 2005

I, REINHOLD GERHARD ROHRS, President of RHIDE TECHNOLOGIES INC.
Of Suite 2, 5136 Imperial Street, in the City of Burnaby, Province of British Columbia,
Canada, V6C 3B6

HEREBY DECLARE THAT ALL THE INFORMATION CONTAINED IN THE
"MATERIAL SAFETY DATA SHEET" ATTACHED HERETO IS TRUE AND CORRECT.

Declared before me at the City
of Burnaby, in the Province of
British Columbia, this 3
day of MARCH, 2005.

ELISABETH RECHSTEINER
Notary Public (604-433-1911)
100 - 5050 Kingsway
Burnaby, B.C., V5H 4C2

I hereby CERTIFY that the signature
and seal affixed to this document/
attachment is that of a duly authorized
person under Canadian law and practice.
Seen at the Embassy of Canada,
Bangkok, Thailand,
this 16 day of March, 2005.

Sukanya Rachant
Senior Consular Program Officer

effective soil stabilization
& dust control for roads

MATERIAL SAFETY DATA SHEET

Rhide Technologies Inc.

Suite 2 – 5136 Imperial Street

Burnaby BC V6C 3B6

Tel: +604-683-0430

Fax: +604-683-0450

1. PRODUCT IDENTIFICATION AND USE

Product Identifier:	CBR PLUS Classic
CAS No.	None: Compound
MSDS Number	Con-Aid *8.25.97
Molecular Weight:	350
Product Group:	Surfactant
Chemical Name:	Sulphonic Acid Derivatives
Chemical Family:	Organic acid solution in water
Chemical Formula:	R - SO ₃ H where R is a Hydrocarbon
Product Use:	As a soil stabiliser and dust suppressant at high dilution in water
WHMIS Classification:	Not Classified
NFPA Hazard Ratings:	Fire: NV Toxicity: NV Reactivity: NV Special: NV

2. HAZARDOUS INGREDIENTS

CBR Plus:	
Material/ Component:	The main active ingredient is an organic sulphonate.
Hazardous Ingredient:	None
% Ratio	None
CAS No:	The CAS Numbers of all components of this compound appear on the Canadian Domestic Substances List, and on the USEPA Toxic Substances List. The product is not considered toxic or hazardous.

3. PHYSICAL DATA

Appearance:	Chocolate Brown fluid
Odour:	Slight Sulphurous Odour
Physical State	Viscous Fluid
Freezing Point(C):	<-10°C
Boiling Pint (C):	100°C
Odour Threshold:	Ambient
Vapour Pressure:	20 mm Hg
Vapour Density:	+1.0 (air = 1)
Percent Volatile:	73% by vol.
Evaporation Rate:	As for water
pH:	0,09
Specific Gravity:	1,00
Coef Water/Oil:	100% water soluble
Percent Soluble (@20C):	100%
Others:	Anion active 14% minimum (hyamine method).

4. FIRE AND EXPLOSION DATA

Flammability:	NO Non-flammable
Extinguishing Media:	N/AP
Special Fire Fighting Procedures	N/AP
Unusual Fire and Explosion Hazards:	In fire situation, drums may burst. Hot liquid is corrosive.

Flashpoint (°C):	None
Method:	OPEN CUP
Upper Flammable Limit (%vol.):	N/AP
Lower Flammable Limit (% vol.):	N/AP
Auto-Ignition Temp (°C):	N/AP
Hazardous Combustion Products:	In fire situation may give sulphur oxide fumes.
Explosion – Sensitivities to Impact:	Non-explosive. Not sensitive to impact.
Explosion – Sensitivity to Static Discharge:	Non-explosive. Not sensitive to static discharge.

5. REACTIVITY DATA

Chemical Stability:	Yes. Stable
Incompatibility with Other Substances:	Yes. Alkalies and oxidising agents
Other Reactivity Concerns:	No. None
Hazardous Polymerisation:	No. Will not occur.
Hazardous Decomposition Products:	In fire may give sulphur acid fumes – irritants.

6. TOXICOLOGICAL EFFECTS

Acute Exposure:	May cause skin irritation under long exposure. Will cause eye irritation with liquid contact.
Chronic Exposure:	N/AV
Exposure Limits:	
ACGIH TLV:	500ppm in air
Others:	Exposure Limit (ACC TLV) for Sulphonic Acid: 500 ppm in air.
Carcinogen by NTP:	Non-carcinogenic
OSHA Controlled:	No
Irritancy:	May cause skin irritation under long exposure. Will cause eye irritation with liquid contact.
Sensitisation:	Low by test on guinea pigs.
Carcinogenicity:	No. Non-carcinogenic by SACS hazardous material source.
Synergistic Products:	None known

7. PREVENTIVE MEASURES

Personal Protective Equipment:

Gloves:	Rubber for concentrate
Respirator:	Not required
Eye	Face shield for concentrate
Other:	Not required.
Engineering Controls:	VENTILATION; Local exhaust: not required Mechanical (general): not required.
Leak and Spill Procedure:	Product is biodegradable. Spray copiously with water and wash to drain as dilute solution
Waste Disposal:	Not required – biodegradable as dilute solution
Handling Procedures and Equipment:	Avoid contact with foodstuffs Avoid contact with skin.
Storage Requirements:	Store in cool place. Keep drum sealed when not is use. Do not store below 0°C / 32°F.
Special Shipping Info:	None. (Non Dangerous Goods) Non-Corrosive

8. FIRST AID MEASURES

First Aid Measures.

Avoid contact with skin. Wash soonest with copious water. For eye contact, if irritation persists after washing, seek medical aid. For ingestion, seek medical aid

9. ENVIRONMENTAL EFFECTS:

Summary:

A study evaluated the acute toxicity of the material, CBR PLUS, and the leachate of soil samples treated with CBR PLUS to Rainbow trout, Daphnia Magna and Microtox.

Toxicity testing demonstrated that the material is toxic to rainbow trout in concentrations above 67 mg/L water and that the leachate of the material once it has been applied to the soil becomes inert and is innocuous. There was no mortality of Daphnia Magna in any of the test solutions and the 15 minute EC50 value for the Microtox test was greater than 100%.

For the actual concentration of CBR PLUS (at its normal dilution for application of 1.5 to 3 mg/L) to be used in the field, and the leachate water for all tests proved to be non-toxic.

11. COMMENTS:

Comments:

Con-Aid contains no dioxins, furans, known carcinogens or any agent likely to create a pollution problem in the field of use.

12. PREPARATION DATE OF MSDS

Original Preparation by:

Dr. A.W. Lake. Technical Director

CON-AID (Pty) Ltd. Phone: 11-706-3441 Date: 95/09/25

NOTE: This product safety data applies to the **CONCENTRATED PRODUCT ONLY**. CBR PLUS, when diluted for application is no more harmful than water. **This data does not apply when diluted product is used.** The data contained in this MSDS is based on data which is considered to be accurate. However there is no guarantee of warranty, either expressed or implied of the accuracy or completeness of this information. Any loss incurred during storage, handling, transportation, use or disposal is expressly disclaimed.
